NO NEED FOR TENCHI!

All your favorite characters from Pioneer LDCA's hit comedy anime series come to Viz Comics! This series picks up where the first six episodes of Tenchi left off. The trouble and fun began when high school student Tenchi inadvertently released the legendary demon Ryoko from his grandfather's shrine. Turns out Ryoko is actually a space pirate who's been marooned on Earth for the last 700 years! Now that she's become Tenchi's unwanted house guest, she makes it her duty to tease the hapless youth whenever possible....

Soon other alien women come to plague Tenchi: Ayeka, a princess with a fierce grudge against Ryoko; Mihoshi, a galaxy police officer; and Sasami, Ayeka's charming and mischievous little sister. Not to mention Ryo-Oh-Ki, that adorable little spaceship who looks like a cross between a cat and a rabbit!

Name: SASAMI
Identity: ALIEN PRINCESS
Notes: Although Sasami is the youngest member of the extended Tenchi household, she is the most mature. She is also the only one who can cook worth a darn.

Name: WOLF
Identity: CANIS LUPUS
Notes: This wolf was injured while escaping from a truck that was delivering him to a zoo. Sasami put a splint on his leg, earning his undying gratitude and loyalty.
